

## SFWBC Promotional Department Periodic Update

Cindy and I are greatly appreciative of our reception from our Southeastern Partners around the country. We have just completed our first multi-week Southeastern promotional trip and find ourselves thankful and encouraged by all of you. Currently, we are trying to determine the best way to adequately inform our partners of the large and small success stories that keep us going. We will try various means such as this note as well as video clips placed on social media. Just know that we value your partnership and understand the importance of your own ministries.

This summer, we traveled to eleven different states singing, preaching, venting (Nicodemus) and promoting what God is doing at Southeastern. It is difficult to describe just how proud we are of our alumni and their families serving God around the world. While we all have dreamed for Southeastern to be larger, the success and importance of Southeastern are so very evident as we look at our alumni passionately sharing Christ in their respective churches and communities. Let me share a sampling of our travel pictures with you.

## 20/20 Vision Update

- Currently, we believe we will have **30 new first time Southeastern students** this fall. Please pray for approximately one dozen returning students that are struggling to get their bills below \$1,000 to be able to return.
- Since March we have enlisted **45 new 20/20 individual partners** totaling \$956.00 of new monthly giving equaling \$11,472 of annual support.
- In June, a dear couple partnered with Southeastern College in their legacy giving and named Southeastern in their charitable remainder trust. May the Lord move on more of God's people to share in Southeastern's vision using this method.
- We had three summer camp groups that traveled this summer serving in 19 different weeks of youth camps. Their testimonies encourage us that we are headed in the right direction as a college. Each camp director complimented them fabulously.
- We had students ministering on five different foreign fields this summer (China, Ecuador, Honduras, Mexico, and the Philippines). I anticipate that they will elevate the entire student spiritual focus on campus this year.
- The Redeemed Quartet, traveling with Cindy and me ministered in eleven states this summer.
- The Majesty Trio, traveling with President Jim & Vicki Marcum, ministered in NC, GA and FL.

"I went down to Mexico hoping to be a blessing to them but what I received was a blessing greater than I could have ever imagined. God worked in my heart this summer more than words could ever explain and I am so thankful for what He has done!" - Caleb Lane

"Say hello to Sandra. After tonight's devotion, she came and talked to Elias and me and after answering some questions she had, she gave her heart to Jesus!!!!!! Such a sweet moment! God is so good!!!"

"The Lord showed me how much joy there is in teaching and the impact that a teacher really can have on his students. The Lord gave us a great summer, and I am thankful for the time I was able to spend in Honduras."  
- Morgan Cooper

I do not even know how to describe this summer! I am just so thankful for the opportunity to have gone out and represent my Lord and Southeastern! The different ministry tools that I am learning at school, I was able to put them to use! God definitely put me out of comfort zone in different situations. One of those situations was the amount of times I had to play the piano!

I am so thankful to have seen so many decisions made for the Lord this summer. It was extremely encouraging to see God speak and then see people respond night after night! Personally, I had the best "job" in the world this summer which was to go to different camps, get spiritually fed day after day, then turn around and pour it all out into those teens, watch God break down their walls and many come to know Him. I got to tell them about the God I love and the school I love while traveling with two of my best friends whom I also love! I couldn't have asked for a better summer! - Rebekah Cash

Upcoming Opportunity Events

Well, I better stop here. Thanks again for all of your support. Cindy and I hope to see you somewhere along the Southeastern trail.
